

# MODEL VF FC COMBINED PACKERS

This series is composed of the most versatile wrap-around case packers capable to perform all kind of wrap-around packaging.

They can be combined with shrinkwrapping machines.

These lines can pack a collation of products in full case, display trays and bottom trays with all types of lids (U-shaped lid, cross lid, etc.); the lid and tray can be pressed or glued depending on the customer's requirements.

Built according to the strict EC standards.
